Lydia Mizzpah Newton-McKenzie

Our mother is one amazing lady. She is patient, kind, gracious and very intelligent. Whenever we are in doubt about one thing or another, our mother is ready and waiting to give good Godly advice. We are grateful to have her unwavering support whenever we need it. She is always conscientious about the condition of others and makes the effort to help those in need. We are always receiving compliments from her friends, neighbours and church members about our mother's kindness and amazing capacity to give of herself for others.

Mummy, we would not be at the point in our lives that we are - all saved, with wonderful families - if it were not for your prayers. If you hadn't cared enough when we were struggling to find our way in life, prayed for us and loved us unconditionally, we would not be where we are now. For this we cannot thank you enough. You and daddy raised us with an ardent faith in God and to know that the answer to any problem is only a prayer away.

Our prayer is that you will always enjoy good health and strength in your bones all the days of your life, and that you will continue to be under the Hand of the Lord physically, emotionally, mentally and financially.
